ABOUT ME

Little details about your photographers

- fact 2... have a fur baby named after the Rock's tequila
- fact 3... traveled to over 60 countries
- fact 4... live in a tiny house
- fact 5... lovers of cake

How we started in the Wedding industry is a fun story.

Our very own wedding was not covered by a wedding professional! Wha-what you exclaim... Yes, we were the dumb bride and groom who didn't put much in to portraits and now live with that regret. My experience and photo albums from Walmart are what I share with my clients... we have a good laugh or cry but my job is to make it so you never experience what we did!

”

We are a husband and wife team (so you get two), extroverted... east coast vibe, with a wicked sense of humor. Our style is photojournalism, whimsical, romantic with a fun approach to our craft. Playful romantics usually find us and find that we are the perfect couple for them!

So let's meet!

KIND WORDS

Char communicated with me since day one. She made me feel like if I was having conversations with my girlfriend. Very professional and was always checking up on me to make sure I was ok and stress free. I would definitely hire her again for any event I might have. She has an excellent personality!

-Miriam & Ray

Title says it all really, we love Char's work, she always picks up great detail and thought of things that I hadn't caught.

She got Fantastic shots and is really fun to be around. She'll capture your big day or whatever it is she is working on with ease, professionalism leaving great memories to look back on.
