WEDDINGS

# W E L C O M E

Congratulations on your engagement!

You've begun your search for a wedding photographer and that's a big deal. Finding someone whom you can TRUST in this role can be daunting. There are many photographers with varying experience and ability, and myriad styles, prices, and options to choose from.

I'm here to help.

This guide not only includes package and pricing information but will also help you get to know a little about me and what it's like to work with me. You spend more time on your wedding day with your photographer than any other single person. So, make sure you like them!

# A LITTLE ABOUT ME

I'm passionate about wedding photography. I do this because I love it. I enjoy the atmosphere of a wedding and the opportunity to witness the sharing of love, laughter, happy tears, and celebration!

I grew-up in Colorado and moved to Arizona in 2002. I live with my wife and partner, Sarah – we've been together for 14 years! I have three motorcycles, all three of which I restored. I can fix just about anything, for real. Travelling is one of my favorite things to do. People tell me I'm the nicest guy they know. I just LOVE dogs!

## MY STYLE AND PHILOSOPHY

### PHOTOJOURNALISTIC

My personal photo projects are often photojournalistic. This requires an eye for stories and candid moments in everyday life. My practice in this area informs, enhances, and influences my wedding photography.

### DRAMATIC

I look for dramatic lighting for my photos. It's an less airy look, I find it makes more interesting photos. (In this photo to the right, I ran up the trail and kicked-up the dust before running back for the shot.)

### EASY-GOING

Your wedding photos don't need to be stressful or cause you and your partner anxiety. Maybe you and or your partner are worried about being uncomfortable in front of the camera. I'll put you at ease, put you in good light, and we'll create gorgeous wedding photos!

# WHY CHOOSE BRAD HENDRON PHOTOGRAPHY?

It's a great question and I want to thank you for considering me.

I am someone who is really easy to be around, and I take the responsibility of photographing your wedding seriously.

Your wedding is one of the most important events of your and your families' lives, and I get that. It's a HUGE responsibility to create the heirlooms that may be looked upon for generations, to do it with integrity, do it reliably, and with creativity and grace.

You have likely spent, or will spend, countless hours planning and choosing every little detail of the day, and afterward, all you'll have to remember it by and share it with generations, are the photos. I want you to know that having you trust me with that is gold.

OK, that got pretty serious. But really, I want you to know that I care and I'll do everything I can to make your day as easy and fun as possible. I'm committed that you get photos you love and that you, your family, and your guests are treated with respect and care.

I deliver unlimited, professionally edited digital images with every package and couples usually receive their photo gallery within two weeks of their wedding!

# WHAT COUPLES SAY

These are just few reviews from couples I have worked with.

“Brad had a way of bringing out the love and adoration between my husband and I. The photos speak for themselves! They are magazine worthy. He was able to tell the story of our wedding through film. Brad got to know us and our families and became part of our wedding. We couldn't have been more thrilled with the service, attention to detail, artistic ability and creativity that Brad offered.”

“Brad was so friendly and pleasant with our families and bridal parties that it were as if he'd known them for years. He became a part of the event, which is difficult for a photographer as they are constantly moving to catch important memories that sometimes they can be distracting, but Brad somehow managed to catch every single detail of the day with ease. He is very thoughtful, patient and kind, and we hope to someday work with him again in the future...”

“Brad is a top notch professional and an incredible photographer. It is hard to articulate just how phenomenal we find the pictures to be. He captured raw and genuine emotions in every photo that he took. Our wedding looks like something out of a magazine through the lens of Brad's camera. I would recommend him to anyone I know who is in need of a photographer.”

“The colors and shots he captured are exactly what I was hoping for, and we have received many compliments about him from our guests. Brad is easy to work with, has a great eye, and made us feel comfortable the entire day.”

“Brad was SUCH a pleasure to work with! My husband, myself and our families all LOVE his work! He was prompt on getting back to us, to meeting us for the first time (to get to know each other), to beating us to the location on our wedding day! He is SOO talented, humble, easy to work with and BOTH of our families were extremely impressed with his attention to detail and cat herding skills. He made our day so special and we couldn't be more happy with the photos! ”

## HOW IT WORKS

- Let's meet! I love to meet couples in person. It's a great way to get to know each other and see if we connect. I want to hear about all of your wants, hopes, fears, and dreams around your wedding photography. I'm also all yours to answer any questions or make any recommendations. Phone calls are absolutely an option as well.
- Engagement session? I love these and they're a perfect opportunity to not only get some amazing photographs of you and yours, but also to start to build a rapport, and comfort around the camera. That way, wedding day is totally relaxed and easy.
- Pre-wedding. We'll keep in touch and I'll be there every step to help you budget your time and make sure make the most of it. I'll help you put together a list of all the family portraits you want to make sure we get. Contract and payment is handled easily electronically.
- Wedding day! I'm there whenever you say – probably an hour earlier than that. Did I mention I love getting ready photos? I'm yours for all of the contracted time and am at you and your guests' service. I'll be shooting away the whole time!
- Sneak peek! You'll get a sneak peek photo from me within two days. Your online photo gallery will be available within three weeks, although I usually deliver within two weeks!
- Albums. I **HIGHLY** recommend that you print many of your photos. You probably just won't look at the ones you don't print, and what better way than an heirloom album? We'll meet and choose photos, discuss options, get it ordered.
