5-STAR REVIEWS

Mary:

Our wedding at Neptune Event Space was absolutely magical and could not have been achieved without the help of Pilar Law (and David). The space itself is a cute adobe art studio with a beautiful outside space/garden. It was the perfect location for our wedding. Both Pilar and David went above and beyond on our wedding day and made everything possible. Neptune Event Space was so perfect for our day!

Pema:

I couldn't have imagined a more beautiful space to have my wedding – classic Santa Fe adobe style, a beautiful backyard with so much greenery, fun little nooks, and spaces for people to hang out, it was honestly pure magic. And I also couldn't have imagined a more kind, helpful, and accommodating person to work with as Pilar. She made sure the space was looking absolutely incredible on the day of, she helped connect us to vendors for the dance floor and portable toilets, she even helped us decorate the pergola and dining tables. Pilar was such a big part of making our wedding day stress-free and so perfect in every way. I highly recommend working with Pilar and having your next event at the Neptune Event Space.

Taylor:

I just recently had my wedding ceremony and reception at Teresa's space and it was fantastic! She was so professional in showing us what could be done with the Event Space and generous in sharing her supplies and time the day of. The event was perfect and couldn't recommend working with her any more highly.

Daniel:

Neptune Event Space is a very beautiful, wonderful space, and we couldn't have been happier to have our wedding here. The ability to move indoors or outdoors is a definite plus. The space also has a complete kitchen available,

which made things for our caterer much easier. The interior is beautiful, with a large space for a ceremony and a smaller backroom that can be used for catering, etc. There is also a smaller back room which can be used for people at the party who need to get ready, or whatever you'd like. The outside/outdoor area is also beautiful, with more room to accommodate parties in the 100's probably. There is a gazebo frame out back, and the flowers and plants outside are well-maintained. Teresa and Pilar were wonderful to work with and a huge kudos to Pilar who was very helpful and attentive on the day of our ceremony. We couldn't be happier with our choice of venue, and extremely glad that we had the chance to celebrate our wedding here. Thank you Pilar and Teresa again for the wonderful space and help you provided.

Jessie:

The Neptune Event Space is a wonderful space for an intimate indoor event, but it can also accommodate a larger group with its spacious outdoor area. The historic location offers a perfect glimpse into the Santa Fe art world of Canyon Road and the charming adobe gives a feeling of warmth without being over "Southwest". My favorite thing about the space is how versatile it is; it can be perfect for a wedding ceremony for 75, an intimate dinner for 40, or a cocktail reception for 60....and that's just inside! It also provides a nice blank canvas for events, the rooms are easily transformed for just the right type of party.

Juan:

We are so glad that we found Teresa, and Neptune Event Space. The gallery is charming, intimate, warm, and full of style. The option of using both the gallery and outside patio area was optimal for our wedding guests. Teresa was very accommodating, helpful, welcoming, and easy to work with. She was the most gracious host and made everyone feel comfortable at all

times. We highly recommend this gallery for any intimate wedding. The adobe building existed before New Mexico was a state or even a territory. The original part of the adobe was built when Santa Fe was part of Mexico. The building is truly exquisite with its hardwood floors, fireplaces, high wood ceilings, and enchanting courtyard. Something magical happens when you step into the historic adobe building. The stressors of planning a wedding seem to disappear. I, my (now) wife, family, and friends were captivated by the style and artwork that adorns the gallery/building. The courtyard is a tranquil respite from everything leading up to our wedding day. The gazebo and shade trees seemed to put all our guests at ease. After an hour or so of exploring the adobe and its grounds, we were ready to start our wedding ceremony. Everything seemed perfect that day and our friends and family still comment on the beautiful adobe and how Teresa was such a gracious host.

Erika:

We just had the most amazing wedding in Neptune. The space was everything we were looking for to host our wedding of 35 people. Teresa, herself, was nothing short of a joy to work with. We were so lucky to have found her place about a year in advance since we chose a date during a busy wedding month. Our guests loved both her indoor and outdoor spaces. It offered a little bit of something for everyone: comfy seating under the stars for those who wanted to chat and a stunning backdrop of her

photographs and centuries-old architecture inside the house for the dance floor. From a logistics perspective, the catering staff benefitted from a full on-site kitchen. And we benefited from a private room with a beautiful garden view to hide away as guests arrived. Although her place is a bit hard to find on your first attempt (she's right behind Geronimo's), this is a stunning gem. We fell in love with it on our first visit, and our guests did too. Teresa's is the perfect place for a romantic indoor or outdoor wedding.

Tamara:

We had a wonderful time in your beautiful space. David was so helpful and a caring host, making sure we had everything we needed and thinking of things I hadn't! It was really lovely and I will highly recommend Neptune Event Space!
