PRICING GUIDE

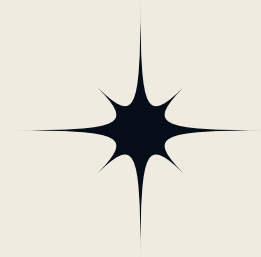

2022 - 2023

Get ready

We work best with the laid-back couples who value photography/videography and want to get some bomb photos and video, but also want to have a fun, memorable wedding day with their guests. Basically our ideal couple are the dreamers, who love authentic moments and candid photos. People that treat others with kindness and love since that's what their relationship is built on - because trust us it shows in your photos.

Our approach to day-of wedding photo + video is to make it fun, get creative and unique shots for you, and keep it quick so we can get you back to your guests. All you have to do is enjoy your day and we'll capture every moment and everything in-between. This will make us the perfect fit so we can do what we do best and serve you!
