EVENT PLANNING & DESIGN

A GUIDE TO OUR SERVICES & PRICING

WELCOME

Hello

Thank you for stopping by! We are excited to introduce Desert Vibe events to the Coachella Valley, providing Event Management, DJ entertainment and design solutions for your upcoming event. The success of your event leans on having the right team who is dedicated to you and your vision. Don't leave your event up to chance or hope that it will be memorable. Together with a plan, we will provide the support you will need to execute the event of your dreams.

So why such excitement over a party? It is amazing to sit back and listen to our client's vision. To see the excitement and sometimes nervousness as they tell me about their event. We cherish the trust clients place in me to recreate a new world for them. Together we create a memory, a transformed moment to add to their collection of family photos. Sometimes to celebrate a union, a new life, success and even easing the pain of loss. all and always to say...I love you.

It is breathtaking as I watch the event unfold. as the tears fall, people embrace and the lights are dimmed. excitement and gratitude fill the room for a night where everyone can just "BE". To me, it's more than a fancy party, as all the details come together. It can be magic but never...

JUST...a party.

Danny & Bianca De La Garza
