THE ULTIMATE \$14,500

The Ultimate Package is all about the experience couples want for themselves and for their guests. While our Deluxe Package also includes a lot of task management and in-depth design, the Ultimate Package is more of a luxurious experience for couples planning a wedding weekend. The Ultimate Package is all inclusive and is not limited by hours.

THE DELUXE \$8500

Our couples love the Deluxe Package for how much it takes off their hands in terms of tasks. While you are always the decision maker, we are the ones doing all of the leg work to gather the information and flush out the specifics in order for you to make the decisions. More meetings, more guidance, and more time to get to know you make an astronomical difference in how much less work you have to do to have a great event.

THE PREMIERE \$4375

The Premiere Package is our most loved package for a reason! Signature Package is the basis of what we believe is necessary to have a smooth, successful event, but the Premiere Package is that extra service that has made our couples think "wow, that was so worth it" - EVEN if you don't feel like you need someone to help with design.

THE SIGNATURE \$2500

The Signature is our day-of management package, designed to ensure you enjoy your day to the fullest and have expertise guidance throughout our planning journey. . We believe that every couple should have an independent day-of-coordinator to execute the details, manage set up and clean up and ensure all the plans come together exactly as planned.
