"I love my job, I put all I am in this moment with you..

Let's talk and share a few laughs.

I have created two packages to fit your desires and finances. I spend hours doing this and enjoy every moment.

Your ceremony will be a reflection of your love. Each one is unique and lovely...

I have gathered and created playful ideas that will make you and everyone present laugh and shed a sentimental tear. (The 16 segments: which I will talk to you about in our conversation) I have married over 300 couples in the last 14 years. Once you make your decision. I require a \$75 deposit which will be deducted from the fee. All includes rehearsal and wedding day. Addition \$25 if I am needed to organize processional. You will receive a copy of your ceremony and license for your memory book.

EASE AND FLOW

We create the entire ceremony together. It will be sweet and sentimental with all my special choices. I will ask you questions prior to the beginning of creating it.

From the beginning to the ring segment on and on. I spend hours making this perfect for you both. Most couples select this one and I love seeing their selections I send them and their creative ideas for me to make it magically wonderful.

Also

You will have the **16 segments** sent to you for you to **select one additional** of them.

These are created by me and some you're very familiar with.

*Plus the ring blessing is included.
