ADDITIONAL INFORMATION

Private Oaks is an exclusively outdoor venue, therefore there will be no access to the inside of the house. You may elect to have your wedding at the front of the house or in the private plateau. With the exception of the inside house, brides are allowed to utilize the entire 24 acre property.

We provide all of our brides with a recommended vendors list, which will help you find: DJs, catering, bartenders, etc.

Private Oaks allows all parties to have two additional hours free of charge for event set up and break down. Therefore, if the bride chooses the Basic package, which allows exclusive use of the property for 5 hours, the bridal party will be allowed access one hour before their event time starts and one hour after their event time starts. Additional time is \$500 per hour.

We encourage all interested parties to schedule a venue visit. To reserve our venue for your big day you must pay a deposit.

About Our Packages

Private Oaks aims to make its beautiful venue available to everyone with flexible pricing, ranging from \$3,000 to \$8,000.
