

NEXT STEPS

Once you think we are a right fit for one another, fill out the contact form below so I can check my availability and set up a Zoom call with you!

Once we connect, become best friends, and figure out exactly what the two of you need, I will send a custom proposal over to you or your wedding planner!

From there, we will make any changes necessary and then have you sign on the (virtual) dotted line!

Wedding Coverage starts at \$4,200

Elopements start at \$2000

Engagements/Couples Shoots: \$ 1,000

All wedding couples receive a 50 page wedding guide, made by yours truly, designed specifically to help you plan and prep for the wedding from a photographers perspective. It covers lighting, locations, timelines, and more!

All of my couples get custom forms to fill out before the wedding to help me learn more about your love, organize family portraits in advance, and highlight the can't miss moments from your day.

All packages include sneak peek photos within 48 hours, drone photography (if permitted by local law), unlimited communication for wedding prep & timeline development, high-resolution virtual album, and personal printing rights.

Please note, I do not accept weddings that: take place on a plantation, involve cotton fields, include the use of Native American Headdress, or showcase real fur.
