WEDDINGS

BRIDALS AND ENGAGEMENTS

WELCOME

We want to say congratulations on your engagement! A wedding takes a lot of planning which includes time, patience, and even some creativity on your part. What you need to keep in mind is that all of the hard work will be worth it in the end. You will have a beautiful day that you will remember and hold close to your heart for the rest of your lives.

When you work with Jamie Heyl Photography you will learn that our goal is to capture all of the emotions of your wedding day. After the long planning process, it is up to us to capture in images the beautiful bliss of your special day. We'll work tirelessly and passionately from the beginning of the day to the exit of the newlyweds at the end of the night.

As a photographer at a wedding we believe that we should be everywhere throughout the day without being seen or even being felt. We like to have an invisible presence while capturing the moments of your special day. Yes, wedding photography is an art and this practice is what makes it an art.

LET US CAPTURE YOUR LOVE STORY

It is our job to help you and your family remember every detail of your beautiful wedding day. This day is one of the most special days of your lives together. It is important that every blissful moment be captured in time. This is why we are here.

WHAT TO EXPECT

The first steps to booking your wedding photography can either be done online through email or we can arrange a day to meet face to face. All correspondence, appointments, contracts, payments, etc will be done and recorded online in your client portal. Once the contract is signed and the retainer has been paid, we can schedule and plan for any portrait sessions that you may wish to book. Engagement sessions can be done at any point before the wedding, usually 6-9 months before the wedding. If you plan to use the images for save-the-dates, let me know so we can plan for that as well. Bridal portraits can be done 2-3 months before the wedding day.

RELAX & ENJOY!

On your big day we will arrive at your wedding location and begin scouting the venue to take detail shots prior to the ceremony. As the day progresses we will ensure that we cover all the photographs planned on our timeline beginning from the couple getting dressed all the way to your final exit and everything in between. In the days and weeks following, we will edit photos, blog your session, post some teasers, and also upload your photos to an online gallery so that you can share them with all your family and friends. We will also begin preparing any products you wish to order including albums, prints, wall art etc. It's truly our goal to capture your wedding day memories in the best light possible so that you can cherish these moments for a long time to come!
