A romantic photograph of a bride and groom walking away from the camera through a lush green field. The groom is on the left, wearing a dark brown suit, and the bride is on the right, wearing a white lace wedding dress and holding a bouquet of white and peach roses. They are holding hands. The background is a soft-focus landscape with trees under a warm, golden sunset sky. A semi-transparent white box containing text is overlaid on the right side of the image.

Emma is SO incredibly talented!! We chose to go with Emma for our wedding and engagement photos and we were blown away with how talented she is. Our first time meeting her was for our engagement photos and she made us feel so comfortable. It was very windy when we took our engagement pictures but Emma was very patient. At one time, the wind was out of control and she helped put my hair up (photographer plus hairdresser? ;) What a bonus!!).

Fast forward to our wedding pictures 8 months later, and it was so so hot!! The weather was definitely against us in both the engagement and wedding pictures, but you could never tell that by looking at the pictures! Her boyfriend Dan accompanied her for the wedding pictures and he was a huge bonus. Both of them are so fun to work with!! Emma was so easy to work with- very responsive to emails/texts and took high quality pictures! She sent us the link to our engagement and wedding pictures in a very reasonable time. When we looked through all of the pictures she captured, we could tell she poured her heart into editing each picture.

Emma is the absolute BEST and we will continue to use her to capture all of our life moments!!

Emma Jeanson did an absolutely outstanding job in photographing my son and daughter-in-law's wedding - she was punctual, friendly, very easy-going, and got a huge number of very artistic and creative shots in a relatively short time. (Appreciated because it was a very hot muggy day !).

We just got the pictures back, and frankly are stunned at the quality, creativity, and overall look of what she captured.

Unlike photographers I have seen that are extremely picky, and have to micro-manage their subjects, Emma is gifted at working with people, and capturing real moments without having to absorb huge amounts of time, or become obsessed with details that don't really matter.

We could not be more pleased with her work ... VERY HIGHLY recommended !! 5 Stars is NOT enough for Emma.

ABOUT ME

Emma Jeanson

I eat, sleep, and breathe photography, and truly believe in capturing your best candid moments. I understand the amazing feeling of re-living a day through photos and being in the moment.

Photo shoots are supposed to be fun and a time where it can be all about you. I understand the feeling of believing you aren't photogenic, I feel that way too. That is why I've spent time learning how to help you relax and how to capture YOU. These tactics are usually the weird requests I'll ask you to do such as rocking back and forth or whispering secrets to each other. Relax, I'll make sure to get that good side you didn't know you had!

I want to ensure that you get what you want captured, in the timeframe you choose!
