*Wedding fees include writing a unique ceremony within your guidelines, video calls to plan, completing the marriage license, and returning the license to the issuing authority. We send all completed marriage licenses back to the issuing authority USPS Priority Mail insured for the amount you paid in fees to obtain it in case it gets lost in the mail and so you can track it. Rehearsals can run higher than the prices mentioned if you want us to organize and plan the wedding party's placement in the procession and recession. There may also be travel fees depending on where the venue is in relation to our offices. For venues beyond the included mileage, a travel fee of \$1.39 per mile applies. In some cases, the distance to the venue may require an overnight stay or additional travel fees if there is a rehearsal the prior evening. We take these on a case-by-case basis. If an overnight stay is required, there will be an additional fee for lodging. We offer some spiritual-based marriage and relationship counseling on a case-by-case basis. We offer a 15% discount for contacting us on WeddingWire and other discounts are available in addition to that for veterans, active-duty military, first responders, and members of the LGBTQIA+ community.
