

**AFFORDABILITY:** I am a value-minded consumer, and that's why I believe in Andelin Photo. *Everyone* should be able to have quality photos. After doing this for 8 years, I have figured out how to keep my costs low (while still using great equipment and editing software) so that I can pass on those savings to you. In an industry that often seems intimidating for budget-minded individuals, I offer quality photography services at an affordable price point.

**ALL ABOUT YOU:** I am a consumer that values a client-centered experience. I LOVE good customer service. And this carries over into my business dealings. I am efficient in what I do, and I know how to make my clients happy. I have been giving my clients an exceptional experience for 8 years now. You want me as your photographer - - just ask my former clients. Almost all of my customers come to me as referrals from former clients. They loved their Andelin Photo experience, and you will too.

Please reach out with any questions you may have.
