WEDDINGS

2021 - 2022DYLAN JAMES FILMS

MEETDYLANJAMES

I would love to help you create your love story. I directed and edited my first short film when I was 12 years old so it's safe to say I have been hooked ever since.

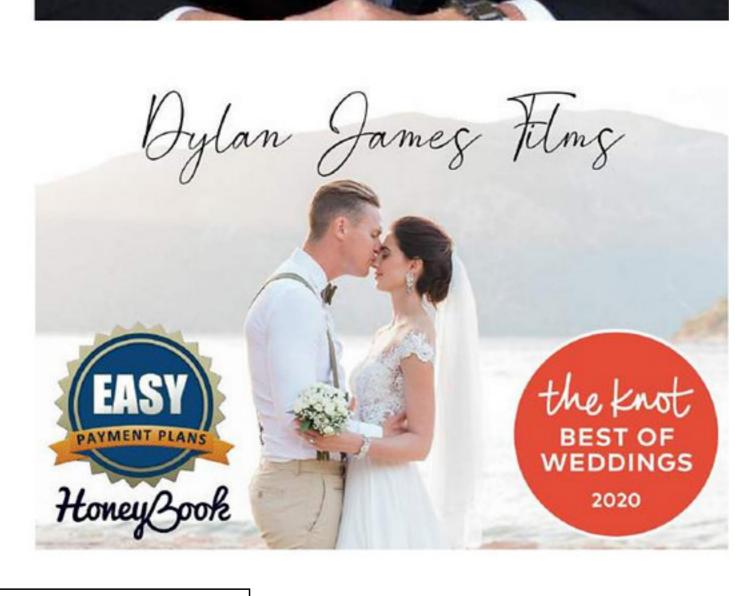

I followed my passions and went to the University of California, Irvine to receive my B.A. in Film while playing D1 Water Polo. This is something I value because it has made me a creative professional!

I pride myself in being professional before and on your wedding day. We will work together to make sure that I know what colors you want your video to look like and the people that I should highlight throughout the day. My style of shooting is very relaxed and hands off simply because I come to your venue prepared to capture your story. Meaning that I can capture your day and your experience without interrupting the flow and the feels! I like to capture raw emotions and highlight the best moments that you will have for the rest of your life to share and remember.

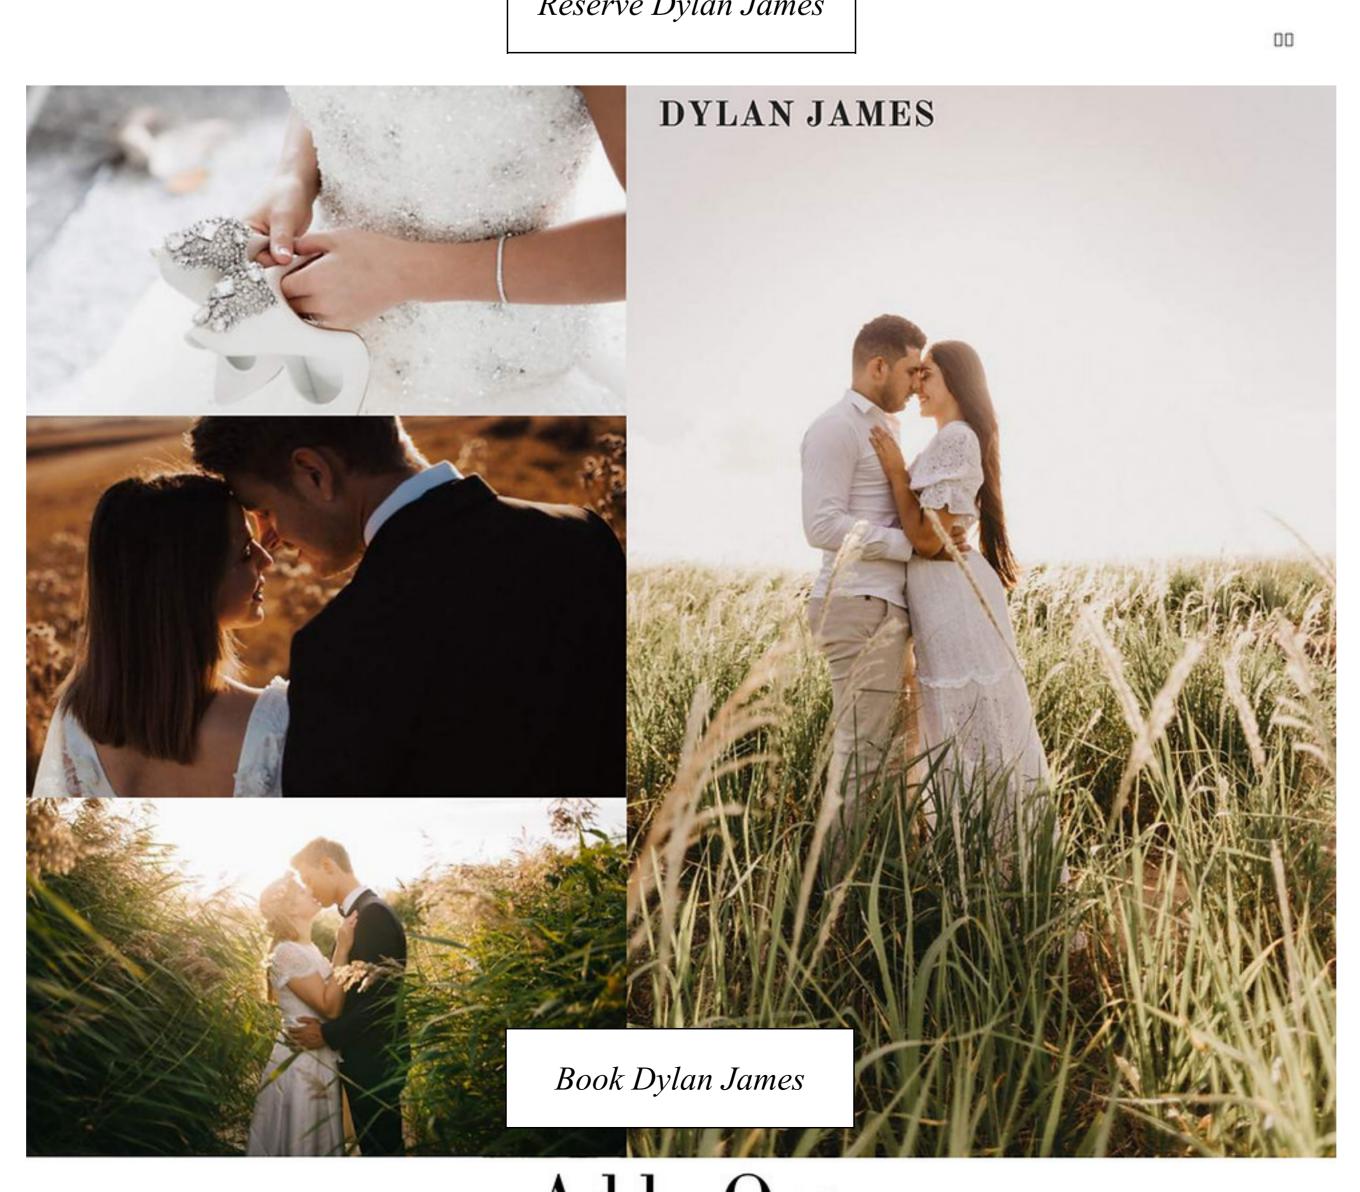

I look forward to hearing from you!
