REFLECT YOU.

I'm Jan, a makeup artist and esthetician, married to my best friend and mom to three girls. I survive on coffee and background music.

Every woman is uniquely beautiful with her own passion and style. Makeup should bring out your natural beauty. Bright eyes, a killer smile. People should see you, not your makeup.

My love for solving skin care puzzles and natural beauty makeup goes all the way back. With 19 years as a makeup artist and 13 years as an esthetician, I see each client as an individual canvas and use corrective treatments, home care regimens and makeup in a way that brings out their inner beauty. From your everyday to your wedding day, your makeup and skin should reflect the best you.
