

WINTERTHUR WEDDINGS

5105 KENNETT PIKE
WINTERTHUR, DE 19735

Nestled in the heart of Delaware's picturesque Brandywine Valley, Winterthur Museum, Garden & Library stands a world set apart - a place where history lives on in spectacular gardens, romantic landscapes, and a breathtaking mansion filled with magnificent American antiques.

Once the grand country estate of Henry Francis du Pont, the 175-room house remains a rare national treasure, where beauty, art, and history combine. Set amid nearly 1,000 acres of rolling pasture, the garden is the ideal locale for an equally memorable wedding celebration or special event.
