# FAQ's

## **Will JD be shooting my wedding?**

Yes me, JD, is the primary photographer for every wedding Salt & Sonder photographs!

## **Do you off Videography?**

I do not, but if you need video I have a few videographers I can recommend who's style match closely to mine. So in the end it ends up being seamless and everyone thinks we are all part of the same team :).

## **What do I get with an Engagement Session**

Engagement sessions are portrait sessions. These are great if you're looking for nice photos of the two of you together in non-wedding attire. Sessions are (1) hour long and travel is included within 25 miles of Philadelphia City Hall. You two will receive 50-70 edited portrait photos from this session.

## **How long does it take to receive our photos?**

It takes about 6-10 weeks to finish all of your wedding photos. This process is a little longer as I do literally everything with you two for the wedding day personally. Including all the editing :).

## **Are their travel fee's for weddings?**

There is a flat \$50 (\$100 if you have a 2nd photographer) travel fee for weddings in the city of Philadelphia to cover parking and transportation. As of 2022, there are also travel fee's to cover travel costs if over 25 miles from City Hall Philadelphia. Inquire for exact costs for your venue. These are kept as low as possible and the vast majority goes to the 2nd photographers.

## **Do we need a 2nd Photographer**

I have a great blog about this under the "resources" page on [www.saltandsonder.com](http://www.saltandsonder.com)

## **Do you have insurance?**

Yes, I am fully insured and am more than happy to send over a certificate if your venue requires it.

## **Is wedding photography your only job?**

Yes! I make my living photographing weddings.

## **Are the images we receive edited?**

Yes! All of the photos you receive are edited using the same process as the images you see on my website. My portfolio photos are pulled straight from real couples wedding galleries!

## **What equipment do you use and do you have backups?**

I use all professional level Canon gear. Currently the Canon R3's and a variety of Canon L series RF glass. The best part about the cameras I use are that they are 100% silent!!! This makes me even more invincible during all the non-portrait parts of your day.

## **What if something catastrophic happens to JD?**

I am a part of a network of the top photographers in this area. We all have each other's backs! If something happens to one of us we reach out to the group and whoever is available I will send their portfolios for you to choose from.

## **Do we receive a Copyright Release?**

All wedding collections come with the high resolution downloads and a personal use copyright release to print, share, and use your photos for any non-commercial use.

## **What qualifies for Elopement Coverage?**

Elopement coverage is only available for weddings taking place Monday-Thursday. Coverage starts at \$2,000 and includes 3 hours. Additional hours available at \$500/hr with a max of 5hrs for elopements. Guest count must be under 30 people. Travel fees may apply.

## **How do we book you and lock in our date?**

When you're ready to lock in your date, there is a contract I will send over and a 25% retainer payment will be due to secure the date. The retainer payment is applied to your balance which is due 30 days prior to the wedding date.

## **Do you charge sales tax?**

NJ sales tax is added to all purchases. I do not charge it, but I'm legally obligated to collect it and pass it along to the state unfortunately.

## **How many photos will we receive?**

It varies a bit depending on the flow of the wedding day. A safe estimate is 60-75 deliverable photos per hour of coverage.
