HOW IT STARTED

Hummingbird Confections was established in 2012 after receiving numerous orders from family and friends. At the time I had no idea where this little venture would take me, but I figured I would attempt to create a little side business and name it in honor of two women who greatly impacted my life. Hummingbird represents my Grandma Espeland. Although she passed away early on in my life, she still had a great impact on who I am. She was a very loving and caring person and I am very thankful for the time I had with her. Confections stands for my Grandma Barrett who taught me many valuable lessons in the kitchen. She would always encourage me to think outside of the box and try new things. We would always have a blast in the kitchen making all sorts of cookies and other yummy desserts. I am very thankful for both of these women, the love they gave me, and the time I had with them.

It is obvious that my skills and services have changed quite a bit over the years, but one thing that has stayed consistent is the support of my customers, family, and friends. Because of their support this dream has grown. From a part-time hobby, full-time in home business, to a full fledged store front. This venture has allowed me to fulfill my wildest dreams and then some. I am very blessed to say the least and have to say I have some of the best customers in the world. Thank you so much to all of my past and future customers. You are the BEST!

With Love and Sprinkles,
Kaitlyn Stewart
