

PERONA FARMS

2023-24 Pricing Overview

Our Venues

In general, the Barn accommodates 75 to 200 guests, the Refinery accommodates 100 to 170 guests, and the Reserve accommodates 130 to 275 guests. All of our venues are completely heated and air conditioned with indoor and outdoor spaces for year round use in any weather conditions. While each venue has a unique look, the experience and seasonal menus are the same across all of our spaces.

What's included?

There is no site fee to use any of our spaces and our per person pricing includes the premium bar and catering from our culinary team! We are a full service venue. We DO NOT have additional fees for things like set-up, clean-up, tables, chairs, linens, flatware, and glassware. Our menus are always seasonal and incorporate our on-site greenhouse and local ingredients.

Pricing & Availability

The pricing in all of our venues starts at \$165 (a Winter Thursday) to \$265 (a Fall Saturday) per guest plus 23% service charge and tax. We do have a variety of price options in that range based upon the season, guest count, and other important details of your wedding. Specific pricing information and date availability is discussed during your initial visit with our team once we tour the spaces and learn about your preferences. Specific date availability changes on a daily basis.

The Barn...

1930's rustic dairy barn with indoor/outdoor cocktail hour, and three options for your ceremony.

The Refinery... industrial-chic space with indoor/outdoor cocktail hour, and The Atrium an outdoor ceremony space with a retractable glass roof.

The Reserve...

our largest venue with indoor/outdoor cocktail hour, and The Piazza, an outdoor ceremony space with a retractable glass roof.
