*You will not regret hiring Ambience Jazz for your wedding! Leah Natale's beautiful voice and the solo saxophone performance by Chris Busa were highlights from my wedding that my guests STILL compliment me on! In addition to Ambience Jazz's musical talents, they were highly professional and easy to communicate with. They even went so far as to help me decide my first dance song with my husband. As a decision-fatigued bride, I appreciated the suggestions and the care they took to understand my vision for the day. What an experienced, organized, and phenomenal group of musicians!*
