Frequently Asked Questions

1. Why should we book with you?

When you hire me, you're getting a hype woman, a friend, and images that showcase your life and its milestone. Working with me means getting a historian and a photographer, which means you are working with someone who understands the importance of preservation and visual storytelling.

2. "We feel awkward in front of the camera." What do we do?

No sweat! It's my goal to make my sessions feel as natural and relaxed as possible. My solution is to make sure my subjects are comfortable with me first. During the session, I will provide plenty of direction to ensure you are comfortable and almost always moving around!

Frequently Asked Questions

3. Half-day or Full-day coverage?

When determining how long you need a photographer coverage is simpler than you think! Half-day coverage is usually on average anywhere from 2-5 hours whereas all-day coverage can be anywhere from 6-12 hours. More time can always be added- just ask! :)

4. What is your payment process?

When it comes to payments, I accept cash, Venmo, PayPal, Checks, and Cashapp! Upon booking with me, your deposit is 10% of the selected service/package. From there, I work with my couples to find a payment plan that works best for them! This includes which method of payment and when payments are expected. I want to ensure the couples that I want to be as flexible and accommodating as possible.
