We do not offer per head pricing. We charge based on consumption. You can have a cash bar, open bar or combination of both. The combo option will have a predetermined limit you wish to spend for your guests and once that is reached, it then converts to a cash bar. We keep track of this by ringing up each drink ordered. We will keep you updated as the evening goes on and you can decide to extend the limit or go ahead and switch to a cash bar. Our previous guests have appreciated the flexibility this option gives them when working on their event budget. Average drink prices are listed below.

- Beverage Staff \$150 for parties of 30-60. \$225 for parties 60-100.

Non alcoholic drinks will be provided at the additional cost above in the form of a self serve drink station that includes water, lemonade, iced tea, and coffee. It will also include soda behind the bar. Our beverage staff will make sure to keep it stocked throughout the event.

All beverages must be purchased through Homestead.
