

BASE PRICE FOR FULL-DAY COVERAGE: \$2,000

(includes minimum of three cameras)

We understand how budgets can sometimes force a bride to choose between photos and video. We want to provide an affordable way to capture both stills AND footage.... **We came up with “FOCUSED” packages =)**

With Focused packages, we are able to capture all the possible footage for the day. The ‘focused’ item(s) will be delivered within 12 weeks after the wedding day. The unfocused items can be purchased at a later date. This gives you the option of purchasing in the future when time and finances are right for you.
