

Honest Reviews:

Personalized Online Wedding Planning

We offer a personalized service that takes inspiration from the creative vision of to-be-weds. Our full-service approach takes care of all the details that underline each big day so couples can relax and enjoy themselves.

We believe each event tells a personal story. A story that is written by those saying "I do" and shared with those they hold dear. Our team of event specialists help couples put pen to paper and tell their tale by providing a service that is both personal and professional. Head song-selector, DJ Gray, is a smooth mixer who is masterful at reading the pulse of any room. Couples can depend on him to get everyone on their feet for a night of fun and dancing.

We offer those stepping down the aisle a wide range of services. Our DJ's start by listening to couples and getting to know them. We use the insights gained from such personal relationships to create just the right vibe for each individual event. Our production skills ensure that no idea is too big to pull off, and we can provide everything from a sound system to professional lighting.

PRICING INFORMATION

I see nights filled with vibrant personality. I see the music change the atmosphere. This is the night you will remember for a lifetime. I started DG Visionaries because I truly want to help your vision come true. We work with you and your vendors to enhance the experience for you and your guests and customize our services based on your vision. We are wedding experts and can provide top notch DJ and MC services for any event.

Being a visionary means seeing every detail. To me, your wedding day means more than just the music. It's important to make sure each detail is prepared before your special day. We have a personalized online planning system to make sure our DJ's execute the vision you have in mind. To me, having fun comes naturally knowing everything is arranged beforehand. My favorite part of being a DJ is seeing the faces of brides and grooms having the time of their lives with those they love. We take each wedding personally and do everything to make sure the greatest reception of your life embodies your vision.

And by "embody your vision," I mean providing top quality DJ services through top quality DJs and equipment. Our toolbelt consists of high-end speakers, wireless microphones, turntables, and LED dance floor lighting that won't make grandma go blind. We'll craft a personalized soundtrack that'll keep the dance floor packed all night long, drawing inspiration from the songs that mean the most to you and your guests. Whether you're into oldies, pop, hip hop, country, or all the above you can count on DG Visionaries to provide professional DJ services that no other vendor in Indiana can match. For the full Visionary experience consider our complementary wedding film services to make the most out of your wedding day!

Absolutely beautiful

My fiance and I fell in love with Derald and his team at our first meeting. Starting out, we weren't sure what we wanted and Derald was extremely helpful and professional in that area and immediately helped us feel at ease! On our wedding day everything flowed so smoothly and beautifully...Our families absolutely loved Derald and his team, especially his video team! We are so grateful we decided to have them do our wedding video! The video absolutely captures our wedding day, all the emotions, lots of moments we don't want to forget! We were so comfortable having them with us and they were so kind, even helping with ties and shirts! We're so thankful we got the DJ and video package! We'll always remember everything DG Visionaries did for us, and will definitely give them 5 stars!! Eli and Dorcas Schlabach

I cannot recommend Derald highly enough!!

During my search for a wedding DJ I spoke with countless others as I was looking for a very specific experience. I can honestly say that during my search Derald was the only person who met all the criteria I was wanting. I was wanting a professional, fun personality to keep things upbeat and moving. He absolutely blew my expectations out of the water with the day of performance. I needed someone who was extremely organized during the planning process; again he exceeded expectations. Derald was willing to meet several times to go over all the details and answer my many questions.

The day of the wedding everything regarding him went absolutely flawless. He was willing to remain flexible with last minute details that changed. The guest knew exactly what was happening when (another one of my major concerns). The announcements discussed were all in place. Most importantly he kept the guest entertained, interactive, and out on the dance floor. The music choices left up to him were perfect! There is absolutely nothing I would have changed with the experience working with Derald. I cannot recommend him highly enough!! To anyone looking for a fantastic DJ, Derald is your guy!!

Highly Recommend!

Derald and Ben at DG Visionaries exceeded our wedding DJ expectations! Our guests LOVED how fun the music was and that the DJ's danced with us to keep the dance floor hopping all night! Derald is very responsive to emails and answered any questions we had in a timely manner. I would recommend DG Visionaries to anyone planning a wedding! Thank you for everything Derald!

Perfectly Amazing!

DG Visionaries captured our perfect day in a perfect way! Our video is something we will cherish forever. They took care of everything and made their part totally stress free. They are very kind, hardworking, and easy to work with. Their turn around time was also amazing and so quick! I cannot recommend DG Visionaries enough for your wedding. Our wedding was a very traditional Serbian Orthodox Wedding. The church is poorly lit and a bit cramped but they made it work and captured it all perfectly. Between the creativity, quick turn around time, amazing equipment and wonderful attitudes; you can't go wrong!

Amazing!

We've known Derald since high school. He's always been responsible and professional in everything he does. Being our DJ for our wedding was no different. Pictures took a little bit longer before dinner and he kept everyone entertained during. There were people on the dance floor at all times. We gave him a general idea of what songs we wanted and which ones we didn't. He accommodated all of our needs and we had a blast. All of our guests had nothing but compliments for him. We didn't want the night to end. Thank you so much from the bottom of our hearts Derald. We couldn't imagine our night with anyone else.

Dance all night with DJ Visionaries!

My husband and I cannot recommend him enough! Our last name is Dance and we knew we needed a DJ that could make our guests DANCE all night! He did just that! He made every song suggestion very personal to bring the guests into the experience! He was very professional and so much fun!!! My guests still to this day tell us how much fun they had at our reception and how all the songs were amazing! Thank you!!
