Natalie is a riot! Not only did she make me and my ladies feel so fabulous on our special day but she made the process fun! People constantly commented on how beautiful I looked and how well my makeup stood up to dancing, sweating and of course, crying. Glam is no joke, she makes you feel drop dead gorgeous! I even told her, that she made me up to look exactly how I have always dreamed of looking on my wedding day!

Natalie is the best!! I had several makeup trials in the Nashville area which was very hard to do considering this was a destination wedding and I was coming from NYC. I was disappointed time after time as all these makeup artists claimed to work on country stars, everyone for the CMAs etc.. and it didn't show. Natalie was the real deal. I sent her some inspiration photos and she nailed it. She took my look and vision into consideration and made me more beautiful then I could've imagined. My makeup even lasted the next day!! haha.. After a long wedding night, I was still beautiful at brunch! Finally, she is a lovely person and a lot of fun. Do your trial and makeup with Natalie.. you won't be disappointed.

Natalie was an invaluable and incredible asset on our wedding day! First of all, Natalie is the absolute sweetest and so easy to talk to and work with! Secondly, she does FANTASTIC work. My girls looked amazing and we were so happy with how

everything turned out. The venue and I actually had some confusion with the timing which caused my girls and I to be a bit late, but Natalie came through for us and was able to finish all of our hair and makeup in a much shorter time than was anticipated, and we all looked and felt amazing. My husband's sister and cousin were bridesmaids, and he told me so many times how wonderful they looked. She turned me into a real life princess and tailored my makeup to match my tiara and the glamorous venue we were at. Every one of my guest and my wedding party (including the groomsman and my husband) told me all day how beautiful my hair and makeup was. My makeup and hair even stayed put through the crying and dancing. I can't imagine having had anyone else work on me and my girls on my perfect wedding day.
