

## **Do you take requests?**

Yes, and not only do we take requests, we encourage it. Once you book with us, we provide you with a link to your “Event Details and Music Request Form”. You’ll be presented questions such as “Who are your favorite artists or songs”, “What is on the ‘Do Not Play List’”, and a list of genres to check off such as Top 40, Hip Hop, 70s, 80s, rock and more. Feel free to request a sample form to get a better idea of how easy we make this for you.

## **What type of music do you play?**

The short answer is “Everything”. We are considered “mixed-format DJs”, meaning we can play to any crowd, genre, era and style. Having performed at thousands of events over the years, we know how to read the room and cater to you and your guests. And, keep in mind, we’ll have spent time with you in the weeks and months prior to your event, discussing music requests, direction and other event details which will all be considered when prepping playlists and such for your event.

## **Do you provide AV, speakers, and lighting?**

Of course. And, unlike many DJ companies who cut corners by using subpar speakers and AV equipment, our philosophy is that our clients deserve the absolute best.

We only use the most innovative and sophisticated speakers, DJ gear and lighting. Our setups provide a minimalist aesthetic so as to not “take over” from your event’s style and decor. Feel free to inquire on additional details on system specs and/or power needs.
