Main Bar

Before bringing his expertise to St. Charles, Executive Chef/Owner Chris Curren worked in some of the the most renowned kitchens in the Midwest. He made his debut in Chicago in 2008 when he opened critically-renowned fine-dining concept Blue 13, serving as executive chef/owner before moving on to helm the kitchens of some of the city's premier hospitality collectives and independent concepts. This summer, Chef Curren will utilize his extensive culinary expertise and classic fine-dining techniques to present a new menu of elevated, yet approachable rustic refined tavern fare in the heart of downtown St. Charles.
