Scot is amazing! Book him today!

"Scot has a great personality, and his level of professionalism is top-notch. His ability to capture all the little details was truly breathtaking when we got our pictures back. (Not to mention we got them back so quickly while on our honeymoon!) He fits in just like family and went along with all of our crazy ideas for photos!

I cannot say enough great things about Scot and would highly recommend him to anyone looking for the perfect photographer for your big day! Get on his calendar today, you won't regret it!" Julie D. 9/10/2022

Professional

"Our experience with Scot was professional, rewarding and memorable. He listened carefully to what we wanted in terms of our unique wedding photos. We requested lots of photos of our guests, he took beautiful ones at each table and during wedding and reception. I have once in a lifetime photo of our children and grandchildren and family as well as friends. We couldn't be happier! Highly recommend!" Sharon C. 6/17/2022

"Scot (was) absolutely fantastic for our engagement shoot.... Scot did a great job helping us feel comfortable and finding some really great spots to take photos. Having no prior photography experience, it was nice to have his assistance in posing and positioning without feeling unnatural. We would recommend (Scot) to anyone in the hunt for a photographer." Josh P. 11/08/2020

"...I told my fiancée that you would just know when you found the right photographer and as soon as we found (Scot) he understood what I was talking about. We were so impressed with the entire process and sticking out through this entire pandemic with multiple site moves! I can not wait to see our pictures! I also can not say enough about our photographer. Not only was my husband and myself impressed with him, but I had several guests tell me multiple times how great and personable he was the entire evening! We could not have asked for a more perfect fit!" Amanda L. 11/8/20

"I got engaged in December and went to a bridal expo in January. I was SO overwhelmed, it was almost pointless except all I could remember was how Scot made me feel. I searched high and low to find them again (they're NOT that annoying company that emails you incessantly) and I'm SO GLAD I did!... My fiance and I picked a place closer to us and Scot met us there with no problems. It was so nice to see him again! His personality is one to remember too! He made us feel so comfortable. We had so much fun, he never needed to tell us to smile! Scot (is) exactly the type of (person) I'm looking to work with on our big day as I'll probably be a nervous nelly and I look forward to spending the day with them as I already know they'll make me feel more at

ease and I'll absolutely have fun. Not to mention, the pictures came out GOREGIOUS! I'm thrilled." Elyse D. 11/19/20

"...It was so nice to see Scot again on the wedding day. He beat me to the venue and I found him setting up and taking pictures of the set up of the room. He spent the afternoon in the bridal suite with the girls and I and did exactly as I thought he would, made me feel as comfortable as possible. He did exactly as I asked, and even had some suggestions for us! The closer we got to the ceremony and the higher my anxiety got, the more patience Scot showed me. All the while, my now husband, who is not shy at all, loved having his own photo shoots with (second photographer) and the pictures certainly prove it! We got married in November, on the ocean, so when it came time for pictures, Scot was awesome about getting beautiful pictures before losing the natural light and us catching cold. On the way in, my family and friends surprised us with something that wasn't part of the plan but Scot and (second photographer) were prepared for anything and got great shots of it anyway. They adapted to any situation—

even someone walking in front of the camera when we cut the cake! All of my guests, and us, of course, raved about how much fun the photographers were and how attentive they were to all the fun things that were happening."

"Scott ... was wonderful! Before the event, he got on a call with me to go over everything from what shots I wanted, who would be in ceremony pictures, etc. During the event, Scott went above and beyond, even helping the boys with their pocket handkerchiefs and boutonnieres! My guests were constantly talking about how great he was." Kaitlyn J. 7/29/22

"I met Scot in passing while he was shooting a brides wedding that I did the hair for. I knew I needed to hire him and (SL) the second I got engaged. So far we just had our engagement shoot and our photos are perfect. He helped my fiancé and I so much, with positioning and making us feel comfortable. (They) delivered our pictures in a timely manner and they are amazing. We can't wait for the wedding!" Allyson M. 11/28/21

"Scot was fantastic! I can't say enough about him and how wonderful he was. He is funny and really easy to work with. He floated around our wedding and we barely knew he was there, capturing some beautiful shots. He is also great at telling you what to do which is helpful because we're both pretty awkward.... The pricing is also extremely reasonable for 6 hours of photography and we received a huge number of photos in our finished album." Linda S. 10/14/21

"Working with (Scot) was a pleasure. We had a couple virtual meetings before the event to discuss the timeline and make sure (Scot) knew what photos were most important to us. Day of the photographer was great. He kept things running quickly so that we could

get through all the photos we wanted. We have received some sneak peek photos already and are super excited to see the rest of them!" Nathan H. 8/19/22

"We could not be more pleased with (SL) and Scot! They were both super friendly and easy to work with for our small wedding in southern NH. Scot did such a wonderful job during our special day and really went above and beyond to capture all the little moments! The photos are beautiful! We highly recommend them for anyone looking for great wedding photography for their wedding." Lindsay A. 4/26/21

"My fiancé and I hands down could not ask for a better photographer. Our whole experience thus far has been amazing. The photographer (Scot) made it fun and pulled out amazing shots, even with mother nature making it pretty cold and VERY windy. Our Engagement photos came out exquisite and we could not be happier! We are so excited to work with them again in a year on our wedding day!" Laura T. 11/12/20

"...Scot, the photographer, was very kind and made us feel so comfortable during the session. We even had our dog there and Scot was able to take the most perfect pictures of him. I was very thankful how patient he was with our dog. He found several beautiful locations at where we went and took some of the most amazing pictures. Both my boyfriend and I aren't picture people, however Scot was able to get my good side and capture some of the sweetest pictures we have of each other. I can not wait till our wedding day, and when I get to see all the beautiful pictures and video taken..." 11/4/20 Aubriel P.
