What's UNIQUE about it?

“Gratitude and Grace”, created as an alternative to the typical wedding venue where it's not uncommon to feel rushed, overcharged and have only a couple hours to see everyone before being rushed out by 10 or 11 PM.

A place where people can relax and enjoy themselves. Where you can visit with friends and family and feel at home.

Everything is on site - the wedding barn, accommodations, ceremony sites, and since there are no neighbors in proximity, there are no noise ordinances and the party doesn't have to stop.

House Band

Gratitude & Grace, owned and created by the former drummer of “Blue Oyster Cult”, has put a “house band” together for your enjoyment. It includes some of the most talented musicians in the area playing some of the best dance music from the last few decades to present day. Check availability for your event. Demo or song list available on request.

(no obligation to use the house band)

Schedule a Tour

Please come for a visit. We’d love to show you around! Just email me to schedule a tour.

If you have questions, please call or email. Look forward to hearing from you!

If you’re not interested, please send me an email indicating (“not interested) and I won’t send you anything else.
