

THE BARN AT DEEP CREEK

INFORMATION BROCHURE

THE VENUE

We are a family owned and operated event venue in North Central Florida. We love providing a space for people to make memories that will last a lifetime.

DEEP CREEK

The Barn is one part of Deep Creek LLC. We operate as a timber and cattle farm, and are part of Florida's agritourism. We strive to emphasize Florida's natural history and beauty.

PROPERTY

The Barn is set in a 50 acre field, surrounded by 400 acres of pasture. So even though we are less than ten minutes from the city limits of Gainesville, it feels a world away.

ABOUT THE BARN

The Barn building is 11,520 sq. feet. Over half of the barn is fully enclosed and air conditioned, yet you are not closed off from the beauty of the outside. Large windows line the walls on three sides, creating a unique view and providing ample natural lighting which is wonderful for photography. Guests will enjoy the view of an open air barn, with the luxury of being inside.

The Barn features a center staircase leading to a loft balcony with private Bride and Groom Suites on either side. Downstairs, there are two multi-stall handicap accessible bathrooms and a kitchen with a large prep area. The Barn has speakers and adjustable lighting. The inside area allows seating for 250 people.

Outside, there is a 4,320 sq. foot covered patio, a large lawn with lighting, cocktail hour area, and a paved custom fire pit. The venue is more than just the building. The entire property is a picturesque backdrop that will make your event unforgettable.
