

MC Special Events Wedding Planning Services

All my packages are to be catered to your specific needs and I am here to help make sure that you get the most value from my services as possible.

My day of coordination packages I offer primarily 2 options. One which is your basic set up and coordination through the ceremony which is about 6 hours total. Otherwise, for those that need more assistance I offer my standard day of coordination which includes 10 hours of coordination. Both of these packages do include me working with you 30 - 45 days out from your ceremony to plan for the day. I will work with your vendors to set up a timeline that aligns for everyone and keeps you on track to get through from "I do", through all of the photos, speeches and dances throughout the night. If you need more than the standard 10 hours, that definitely can be discussed and pricing will be subject to change.

Wedding Rehearsal Services are time based depending on the level of rehearsal help that is needed. I will help coordinate expectations for the ceremony, make sure we are tied off for the day of, pick up any last minute items to transport to the ceremony/reception location, as well as any final payments/tips for your vendors.

My Partial Event Planning service is for the bride who has her main vendors selected but needs assistance with bringing her wedding day to life. From designing what the wedding day will look like, to assisting with the awful guest lists and seating charts. I will also assist with organizing your rehearsal and 10 hours of assistance the day of. Additional time needed the day of, rehearsal set up and travel cost is subject to increase.

My Full Event Planning service is for the bride who needs all the help she can get. I will be your point of contact from start to finish with planning your wedding. From creating a database of all your vendors and what costs to expect. I will also assist with the rehearsal and 12 hours of assistance the day of. Additional time needed the day of and travel cost is subject to increase.

Let's set up time to discuss which option is best for your needs, and how to get the most bang for your buck!
