LET'S **SHOUT**  
YOUR LOVE STORY

# MEET KENT + ASHLEIGH

When a divine motorcycle accident led Kent to drop out of college, the entire trajectory of his life was changed in an instant. He was unexpectedly encountered by Jesus, and discovered a heartfelt passion for filmmaking. It was through this pursuit that he stumbled into his greatest adventure yet - the girl who would become his wife.

Kent + Ashleigh became best friends by filming weddings together in 2012 before they were dating, and they discovered in each other's hearts a place to call home. They also found a vast wilderness to explore, a place to dream together for all of their days. It is this same unexpected passion to discover Story that drives them to this day.

Your story is packed with these every day miracles, and unexpected small moments that have brought you to this one day. Your story is completely unique; there has never been two people exactly like you. It is their joy and honor to artistically capture your story, and preserve your legacy for all of your years into eternity.

# YOUR **LEGACY** IS OUR MISSION

It is one of our highest callings to remind you of the depth of your marriage. You have been called into the presence of God to pledge that no matter what.. you will face every season together. You will learn what it means to sacrifice everything for another person - through the mountaintop-highs, and the valley-lows.

Your wedding film is the only item from your wedding day that enables you to literally relive all of the tenderness and tears, the laugh-out-loud and the sacred, each reaction and voice. Ruthlessly pursuing stories is our God-given mission, and we sincerely hope that we can be a piece of capturing your once- in-a-lifetime story.

A romantic couple is lying down in a field of white daisies. The man, on the left, is wearing glasses and a grey button-down shirt, with his eyes closed and a gentle smile. The woman, on the right, is wearing a dark top and has her head resting on his chest, also with her eyes closed. The background is a dense field of small white flowers with yellow centers, creating a soft, dreamy atmosphere.

# FAQS

## **So.. your Collections only differ by the total hours of coverage?**

Correct! Regardless of your budget, we don't want any Client to receive any less than our best. No matter which collection you choose, you are still going to receive the same treatment, attentive detail, and films.

## **How many weddings do you film each year?**

We take between 15 and 20 weddings each year. This is our full-time, hearts-all-in calling. We limit our weddings in order to best care for each Client.

## **Will You Travel?**

You better believe it. We've had the pleasure of filming from Maine, to the Florida Keys, to Mexico. Let's talk about your dream wedding!

## **What is your deposit, and payment timeline?**

We typically ask for a 30% deposit, another 30% due six months before your wedding date, and the remaining balance due two months before your wedding date. But we pride ourselves on our flexibility! See below.

## **Do you offer flexible payment timelines?**

100% yes! We have couples that have a monthly payment plan and couples that pay after the wedding day. Have a need? Ask.

## **Wait.. We can seriously pay up to six months after the wedding date?**

Yep! For the people in the back one more time.. and it's interest-free!

## **What is your Travel Fee?**

We request \$100 per hour of total driving. Depending on your location we may request a hotel room.

## **What can we expect leading up to our wedding date?**

You are priority numero uno! You will receive emails tailored toward your wedding, a questionnaire to gather all the details, and a phone call before your wedding date.

## **What is your typical turnaround time?**

We aim to craft and care for your specific story, while also recognizing that you are beyond amped to relive your big day. We aim to get your Cinematic Short Film back to you within 8 weeks, and additional films finalized around 10 weeks after your wedding date.
