

PRICING GUIDE

Wedding Cakes

ALL CAKES ARE APPROXIMATELY 6" TALL WITH 4 LAYERS OF CAKE AND 3 LAYERS OF FROSTING/FILLING.

There is a minimum order of **\$500** for all Wedding cakes.

These cakes vary in size and number of tiers and in most cases delivery is required (fee may apply). Wedding cakes are only booked during Tasting Consultations, you can schedule yours [here](#). Wedding dates are available on a first-come, first-served basis and it is recommended to set up your tasting 8 - 10 months in advance.

Many factors are involved in determining the cost of a custom cake from Designed by Daddy Custom Cakery. Every cake is made to order and priced individually. Cake pricing incorporates many variables including number of servings, complexity of design, fillings and flavors, number of tiers, delivery and set-up.

The industry standard is to offer a starting price per serving for cakes. While my starting price is \$7 per serving, that can be misleading and should only be used for comparing to other starting prices. Custom cakes are typically \$10-15 per person and an average wedding cake is around \$1,200 not including delivery and set-up.

Cupcakes

Cupcakes are only available as an add-on to a wedding cake order. You cannot order them individually. They can help to reach the minimum order amount. Minimum order is 2 dozen per flavor and prices start at **\$42/dozen**.
