FAQ'S

How do we secure our wedding date?

Your date is secured with a paid deposit and a signed contract. Once these have been recieved the date is all yours. If you would like to meet or video chat before the wedding date, it would be a pleasure.

Are you unobtrusive throughout the day?

I'm 6'3", so you're gonna know I'm there. However, I have the utmost respect for the intimacy of the day and the events therein. I will not distract from that, and will encourage other vendors to do the same.

What do you need from us?

A common pretense couples have is thinking that they have to 'perform' for the camera. This is not the case. Just relax, be yourselves, and I'll do the rest. I'm not filming actors on a shoot, I'm filming normal people in love on their wedding day. Let's "act" like it!

What if my wedding overruns?

If you expect this will be the case, we can discuss adding hours beforehand. However, things run behind every wedding, and I expect the same will be true of your day. If we need to add hours on the day, I will discuss that with you, \$125/hour. You will NEVER be charged anything without prior knowledge. I want to be your friend, and friends don't overcharge.
