Wedding packages

DAY - OF
COORDINATION

\$1150

A day-of coordinator is just like it sounds: someone to help run the show on the day of your wedding.

This includes coordinating and communicating with the couple, the wedding party, and the wedding vendors. I will also direct set-up and tear-down, manage the timeline, handle any unexpected issues, and generally ensure the day runs smoothly.

MONTH - OF
COORDINATION

\$1800

You may think the hard part is over when your wedding is only weeks away, but most couples are surprised and overwhelmed by the little things that come up in the final days before they say "I Do." A month-of coordinator eases this stress and ensures everything is ready for the big day. In addition to doing everything that a day-of coordinator does, a month-of coordinator will take on all last-minute planning details. These additional responsibilities can be seating charts, creating the timeline, checking in with vendors, and anything the couple may need during the last hours.
