

Patrick Beare
PHOTOGRAPHY
Wedding Photography

High-quality Wedding Photography, at a fair and honest price. Let our team's experience work for you on your special day.

To make things easy for you, we post all our pricing online. This isn't typical for wedding photographers to do since they are usually trying to minimize 'sticker shock', but not being upfront can be frustrating for couples who just want to quickly see pricing info (my wife and I experienced this frustration when booking vendors for our own wedding!). Please visit PatrickBearePhoto.com for our current pricing, we hope this helps!
