YOU HAVE QUESTIONS

Q: How long will it take to receive the final wedding video?

A: Our typical turnaround time ranges from 4 to 6 weeks.
We take great pride in our swift delivery, understanding your eagerness to enjoy your video at the earliest opportunity.

Q: Can we customize our wedding video package?

A: We're always happy to work with my clients to create a customized wedding video package that meets their unique needs and preferences.

Q: Do you do video destination weddings?

A: Yes! These are custom packages as there are so many variations! Inquire for a custom quote.

Q: How do we reserve our wedding date?

A: A 35% non-refundable deposit of the total cost & signed contract is required in order to secure your wedding on the calendar. The remainder of your balance will be paid through a payment plan agreed upon by the client and Love In Focus Videography.

Q: Can we post our wedding film online?

A: Yes! We license all music. The films we deliver can be posted anywhere online.

Q: Are there any travel fees?

A: If your wedding is more than 50 miles outside Greenville, NC we can travel to your city for an extra fee covering travel and accommodations. The cost is based on the Federal Mileage Reimbursement Rate of 65.5 cents per mile for distances over 50 miles. Venues located over 250 miles away may incur an extra lodging fee, with exceptions for venues near Hickory, NC and Charleston, SC where the lodging fee is waived.

WE HAVE ANSWERS

Q: If we start off with one package, can we change our minds later?

A: Absolutely! We film every wedding as if you booked our Enchanted package so that if you want to add on any additional dances, speeches, or moments, we've got you covered!

Q: Are there any hidden costs that we should be aware of?

A: Our goal is to make your wedding day less stressful. Hidden fees would do the opposite. We make sure that you're aware of exactly how much we're charging, before you make your final decision to have us at your wedding.

Q: What is your process for working with photographers on the day of the wedding?

A: We love working with photographers! At the start of your wedding day we'll meet with your photographer and discuss the game-plan for capturing all the special moments throughout the day.

Q: How many cameras do you typically use during the ceremony and reception?

A: When filming your ceremony we want to be sure we don't miss any special moments, so we typically use 2+ cameras. For the reception we usually use 2 for capturing things like toasts, first dances, and cake cutting.

Q: Can we choose the music for our wedding video?

A: While we're open to working with you to find the style of music you like, we aren't able to use most popular pieces of music due to copyright laws.

Q: What is your experience with filming in low-light environments?

A: When choosing what gear to purchase, the ability to capture moments that might take place outdoors at night was extremely important to us. The lenses and cameras we use allow us to capture any moment, regardless of the conditions.
