

Wedding Design

When you hire us for wedding design, you can focus on the fun parts of planning your wedding and let us manage the details. This is a true full service experience and includes wedding management and floral design. We will guide you through our step by step process from when to book your engagement photos and send save the date cards, through deciding what your guests will see, taste and smell and ending with where you want to spend your wedding night.

AVERAGE \$3500 TO \$6500

Wedding Management & Partial Planning

Have you chosen all your vendors but need help managing the details? Our team can pull everything together to make sure your wedding day runs smoothly. We confirm vendors, create a timeline, manage the rehearsal and wedding day, bustle dresses, place tables, solve issues and so much more! A Lead Planner and Assistant Planner attends every wedding to ensure nothing is overlooked and all your needs are met. Pricing varies due to wedding guest count, size of wedding party, location of venue and custom requests.

AVERAGE \$1450 TO \$2550

Floral Design

Our floral design process begins with the creation of a customized Floral Design Board for each wedding. We work with our clients to create a beautiful environment to host their celebration. We take sustainability into account when we design floral arrangements for our clients. We use eco-friendly practices, such as composting organic material, going foam-free*, and sourcing much of our product locally.

STARTING AT \$3000
