

SPRING BROOK FARM

*A barn venue with historic appeal and stunning grounds...
ideal for couples seeking quintessential Hudson Valley charm for their wedding day.*

About

Spring Brook Farm is situated in the Hudson Valley town of Warwick, 55 minutes north of NYC. This semi-rural community is characterized by rolling hills, family farms, and apple orchards, yet a bustling downtown is just 5 minutes down the road. As a venue, we pride ourselves on our authenticity and diverse offerings.

History

Dating back to Revolutionary times, the farm was purchased by Jake Pennings, a dairy farmer who immigrated to Warwick from Holland. His family and subsequent generations of Pennings have called Spring Brook Farm home. Marie Pennings and her children are committed to the farm's preservation and future as an event venue. The barns and the Estate house built in 1810, have been lovingly restored yet still carry over 200 years worth of charm and history in their bones. By choosing Spring Brook Farm as your wedding venue, you are becoming part of its story!

Ceremonies & Receptions

In addition to the Main Barn, our large field is ideal for reception tents of all sizes. The field slopes down to a pond and a silo where ceremonies can take place with the surrounding farmland as a backdrop. By choosing Spring Brook Farm, we will work with you to create the wedding you have always envisioned!

Farm Buildings & Grounds

With about 10 acres of farmland, Spring Brook Farm has rolling fields, a pond, and a sunset that are sure to make your wedding remarkable! The Main barn boasts much of its original structure. A grand chandelier hangs proudly adding light and additional character. The space is rustic yet chic; ready for your own personal touches.
