## Frequently Asked Questions

### Where are you located? What are your travel fees?

Although we are based in Napa, California, we do serve clients anywhere.

Depending on the location of your wedding, we can further discuss and create a custom package that includes all costs.

### Do you have liability insurance?

Yes! Majority of venues requires a liability insurance or COI from vendors, but please do let us know if we need to send one over to the venue coordinator.

### Can we choose our own music? Taylor Swift, Ed Sheeran?

Unfortunately, we would not be able to use any music that is copyrighted since that is illegal for us to use. Many wedding videographers who use Top 40's music, etc. risk an extremely hefty fine.

Fortunately, we use **Soundstripe**. One of the best premium music licensing company for all of our films. Through our conversations, we are able to pinpoint music selections that properly fit the mood, style, and story of your wedding.

### Do you provide RAW (unedited files)?

Yes we do! It is included in the "Over the Moon" but it can be added to other packages. Just FYI, raw files are unsaturated videos, they're not colored or touched at all.

### How long will it take to get our films?

Typically, it would take approximately 10-12 weeks. There are many factors that could affect the delivery time.

Sneak Peek Films are usually delivered 48-72 hours after an event.

### If our wedding is cancelled, will the retainer fee be refunded?

Unfortunately, no. Our retainer fees are used to reserve your wedding date. Once we've reserved your date, we don't accept any new clients for your date. Though, we do work extensively to make sure we are still able to capture your new date.

### Are we able to use the retainer fee to a new date if we need to reschedule?

Yes, you may. Though, it needs to be within 1 full year or 365 days from your original date and it must be the date that we are still available for.

### Do I own rights to my films?

Copyright laws are tricky, especially when it comes to videography. You do have the rights to reproduce any of your films whenever. Typically known as "Full Print Rights". You're welcome to copy, share, print, and distribute any of your content to family/friends.

However, you would not hold the rights to sell your images/films for profit or to publish without a written consent from Moonstruck Films. If this is needed, please reach out & we'd be happy to accommodate you.
