

Oreades Events: Pricing Guide

Day-Of Coordination

Our favorite thing to do! We call it "Day-of" coordination, but you'll get a lot more than that! We're here to get you through the final stages of planning and implementing your wedding or event without sweating the details and logistics! Work with us in the last 3-6 MONTHS prior to your event to implement your event smoothly and effectively. We'll be sure to build a relationship and gain the trust you need to release the reins of the logistics management! We'll get your timeline prepared BEFORE your other vendors start reaching out with all their questions and go into the final phase of your planning in control of the details.

Cost: Base package hours and inclusions start at \$1,250 and bookings are limited each weekend.

Partial Planning & Management

This personally tailored package is great for people who want to be actively involved in their own planning process but need some expert advice and the support of a partner. We'll help you make sure you're maximizing our planning time and will be your partner through the whole planning process, acting as a proactive manager on your wedding or event. We'll work with you to develop your event style, goals and priorities and will help create your budgets and timelines. We'll help facilitate vendor selection and will present fun ideas to compliment your design concepts for things like invitations, favors, and decor. We'll tailor a proposal to meet your event needs!

Cost: Base package hours and inclusions start at \$5,000 and bookings are limited each weekend.

As-Needed Planning Sessions

This session is perfect for budget-minded individuals who are intimidated by the process of getting started, and may not have the budget for other event packages. Sometimes, you just don't know what you don't know!

Cost: \$250 for a two hour session. Additional fees may apply for travel and drafting of specific materials
