- ❖ Drone footage added-on
- ❖ 2nd videographer, part or full-day
- ❖ Extra revisions; 2 rounds of client feedback are usually included

Custom Packages:

We are happy to craft the perfect video package for your unique needs. No two weddings are perfectly alike—we get that and can make something that fits your budget and vision.

Booking and Payment:

The process of reserving a date begins with signing an agreement that outlines the service date, package level, and expectations for deliverables (the videos you'll receive), and is set in stone once you have made a deposit to retain service on your wedding day. Harrod Media currently asks for a 25% deposit of the total package; the remaining balance must be paid by two weeks prior to day-of.

What Else to Know:

Our goal is to achieve the utmost excellence and document your day with true artistry. In order to make this happen, we offer a free phone consultation in advance (up to one hour) to get to know you as a couple and learn more about your wedding's aesthetic. As the date draws closer, we will check in with you (usually 1-2 months out) to consult on the day's schedule of events and planning video capture. Your video will be completed within 6 months of the wedding date; trailers and social media reels within 3 months.

Pricing herein applicable July-August 2023. Subject to change.
