## *Room & Terrace*

Photo by Marquez Fotos

Nothing makes us happier than watching friends and family celebrate together! We look forward to working with you to create the wedding of your dreams. From menu selections and decorations, to all of the little details along the way, we are right beside you.

Located in the heart of Metairie, The Alexander Room and Terrace is truly a hidden gem. The Alexander Room was conceived and built by the International Brotherhood of Electricians in 1984. The intent was for The Alexander Room to be a contender among Metairie's event venues. Due to unforeseen circumstances, the room was never marketed to the general public. In 2014, Troy and Cindy Timphony of Hobnobber Café were approached with the idea of taking over the catering, management and marketing of The Alexander Room. Since then, many improvements have been made.

The Alexander Room is 5000 square feet of indoor space and a Terrace with an additional 4000 square feet of space. With the recent addition of our outdoor speakers and festoon lighting, you can party under the stars without missing a beat.

This past year brought some exciting upgrades to The Alexander Room. The venue was repainted with a neutral color palette that highlights the chandeliers and other gold features in the room. Dramatic wooden baseboards and a feature wall were also added. Our new look is a beautiful backdrop for any wedding or event. The same neutral and gold color palette carries through to our bridal room, complete with vanity stations, a changing area and plenty of mirrors. This space is an inviting and relaxing escape from the stresses of your big day. Another added jewel is the addition of gold chiavari chairs. This will bring a touch of elegance to your wedding day decor. On top of that, 2023 has us updating our kitchen! With the addition of new gas appliances, we will be able to cook on site. We look forward to offering additional food selections, late night snacks and on-site food tastings for our bride and groom.
