Ask us...

Frequently Asked Questions

Can I bring my own photographer or videographer?

YES! In fact, you can use any vendor you'd like, We can adjust our packages for you. We do need to verify all vendors on premises licenses and insurance.

Can I cater my own wedding?

No. Due to food regulations and laws all catering must be provided by a licensed and insured catering company. We do not mind if the party supplies pre-packaged snack foods or trays, but any hot or cold foods that need to be stored at certain temperatures must be provided by a professional company.

How many guest does your venue hold?

165 guest November - April
220 guest May - October

Am I allowed to have my fur baby at my wedding?

YES! We ask that you have a friend/family member bring them by about 1 hour before ceremony. Then you can have the opportunity for pre-photos and them in the ceremony. And ask that you have a friend/family member take them off property after cocktail hour/professional photo time.

What do we do if it snows or rains on my wedding day?

We can always have the back up plan in our grand hall that can hold 165+ for indoor ceremony.

Does your facility have heat and A/C?

We have booth floors inside covered for you and your guest for the best comfort options!

Let Us Show You Around...
