

Testimonials

I love that Susan is so upbeat and makes the D.J.'ing (yes that's a word) a fun thing with crowd participation rather than someone who just sits behind the table and plays music.
-Jenny R.

Susan and Todd are amazing!
They recently provided DJ & Karaoke services at our wedding and we could not have asked for anything better. Very professional and helpful with everything that went into our big day!!
-Jill W.

They did our daughter's wedding and it was fantastic! Knew all of the current stuff that the kids wanted, and even some of the classics for us old folks! It was such a great help with her being the coordinator, we didn't need to worry about anything! Very reasonably priced and got way more than we had hoped for!
-Laurie S.

Susan was so amazing during our whole wedding process. She was always open to having meetings with us, being fully open with our decisions and we even hired her to be our wedding coordinator the day of! I can't say enough good things about Susan!

-Lisa S
