

HI, I'M DUFF. WELCOME TO THE CAKE GUIDE!

We're excited to help you create an incredible, delicious cake. Whether you're looking for a cake pre-designed by one of our artists or something totally custom, like you've seen on Ace of Cakes, you've come to the right place. This quick guide will help you find the best cake for your occasion. Let's get started!

Determine your Budget

The first question most people ask is, "How much do your cakes cost?" The short answer is that they range from \$50-\$3000+ based on a number of factors. Yes, that's a big range. So to make things easier, we've outlined a few things you'll need to know to determine your budget.

Your Cake Concept

Custom or pre-designed, we want to make a cake especially for you. Your idea can take form in many ways, ranging in size and complexity. Want a cake for your dog's birthday? It can be a simple 6" round cake, a life-size sculpted pooch, or anything in between!

Place an order

Come see us at the bakery for a design appointment, where our artists will talk with you about your cake and make a plan. We'll show you examples, brainstorm ideas, and make an awesome sketch of your cake design.
