## PRICING

When it comes to pricing, we firmly believe in transparency and flexibility. We carefully consider a range of factors, including the season, bloom availability, wedding size, guest count, and the intricacy of the designs. These elements, combined with the time and effort we invest in bringing our artistic vision to life, all contribute to the final estimate. Our ultimate objective is to deliver exceptional floral artistry that surpasses expectations. We understand that budgets can vary significantly, which is why we work closely with our clients to create customized solutions. While our starting budget is \$5,000, we are committed to making every couple's dream wedding a reality.
