

2024 Wedding Packages

Meet the lead planner!

Hi, I'm Kristen!

My love for the hospitality industry started over a decade ago when I started as a server. I've done a little bit of everything from bartending, restaurant and catering management, and worked in the luxury events and weddings industry for 7 of those years. BUT that's the boring resume stuff.

I'm a huge lover of comedy, action and sci-fi movies and really only go to the theater for the popcorn. I LOVE supporting local small businesses and am a big believer in "going with your gut". What feels right, is right.

I have an amazing wife and little boy who fill my life with love and laughter. I hope to show my son that if you want something in this life, nothing is off limits. Build the life of your dreams and dream BIG!

I show up on my Instagram stories and let you into my life, my creative processes and show you what real life is like running your own business, being a mom and trying to "balance" it all. Let's face it, the majority of my time is spent in sweats in front of my computer creating all of the behind the scenes magic that you see on your big day.

After our initial consultation, I will ALWAYS encourage you to chat with other planners. It's so important to like the person you are going to be working with.
