Burning Questions

WHAT'S GUEST ADDRESSING, WHY WOULD I NEED IT IN MY PACKAGE?

Guest Addressing is included with each wedding invitation package. I will rarely omit them and sell them separately. I include it. Guest addressing is the full on printing (or calligraphy) of your guest list and return address on your beautiful envelopes. We work with over 200+ beautiful envelope colors. Guest addressing can be very costly and time consuming and stressful if you end up taking on this task on your own. You run the risk of returned mail and not so pretty labels if not done properly. We have unique systems put in place to assist you with building your guest list before we even get them formatted onto your envelopes and making sure it's post office ready. It's just as equally as important to get your invitations to your guests aside from getting them beautifully designed and printed. So why do this on your own or hire someone else when we have the tools and resources to help you out? Let's get this thing rolling.

BOUTIQUE SERVICE? PLEASE ELABORATE.

Boutique Service means that we're not going to treat your time, and money like a "print job". We're opposite of the service you receive at the local print shops. We're highly specialized in Hospitality and Wedding Planning for 20+ years, THEN graphic design. this means that there is much more time, thought and care in each step of your invitation planning process with you, your venue, your family and your guests in mind. We're fully dedicated to the success of your invitations, down the mailing of your beautiful sets and very resourceful with your "Day of" Stationery needs.

ASSEMBLY AND MAILING, IS THIS INCLUDED TOO?

Yes, we assemble and mail too, this is our specialty. To date we have mailed over 3,000 wedding invitations, we have it down to a science. We also share with you beautiful imagery and photos behind the scenes of the process. Check out the reels [@RubyBWatkins](#) on Instagram. Many couples we work with find assembly and mailing a huge relief just months leading up to the wedding. Have some fun, don't create more work for yourself than you have to. We have you covered. All wedding invitation suites are mailed out of Canonsburg, Pennsylvania, we have a few friends there at the post office.
