

About Me

~Live music for your special day!~

Music by Molly, LLC was started as a way to share my passion for music in a way that helps couples experience their wedding day to the fullest. I am a professionally trained vocalist with over 10 years of experience in planning, directing, and performing liturgical services and wedding ceremonies, as well as performing at social events, wineries, coffee houses, and the like.

I currently serve as the wedding coordinator and music director at my church in Gretna, NE.

I believe that wedding planning should be a no-stress experience, and I make it my goal to ensure that when it comes to planning your wedding music, you barely have to lift a finger.

I look forward to working with you!

Frequently Asked Questions

Do you play any instruments?

I do not play any instruments for wedding ceremonies, I only sing and direct. If you do not want to hire a live accompanist, I can sing with backing tracks for non-Catholic ceremonies. For live music entertainment outside of wedding ceremonies, I occasionally play ukulele or tambourine.

Is the cost of extra musicians included in your pricing?

I contract other musicians meaning that they do not work directly for me, so whoever I find for your ceremony is free to set their own prices. My prices are for my services alone. Depending on skill level and experience, musicians can cost anywhere from \$100-\$250 per person per hour.

Can I have friends and family participate in my ceremony music?

Absolutely! Including friends and family in your ceremony not only makes it more special, but is also a cost effective way to have a bigger ensemble. I only ask that any musicians I work with have performance experience and are self-sufficient in learning their music.

Do you require a deposit?

Yes, a 30% deposit is required with your contract to reserve your date.
